Diagram illustrating a top view of a circular device. The device features a central lens or aperture (114) surrounded by a ring of LEDs (122). The LEDs are arranged in a circular pattern around the central lens. The word "SETUP" is visible on the left side of the device.

A line drawing of a rose branch. The branch curves upwards and to the left, ending in a large, tightly closed rose bud. Several leaves are attached to the branch, some showing serrated edges. A second, smaller bud is visible further down the branch on the right side. The drawing is simple, using only black outlines on a white background. The number 102 is positioned at the top right of the page, with a line pointing to the upper right corner of the drawing area.

FIG. 1 is a top view of a circular device 300. The device features a central display area 360. Within this display area, there is a central icon of a camera with the number "9999" below it. Above the camera icon is a flame-like symbol, and below it is a symbol of three stylized trees. To the right of the camera icon is a plant-like symbol. Surrounding the central display area are four curved segments: 322 at the top, 324 at the bottom, 326 on the right, and 328 on the left. The entire device is enclosed within a circular border 310.
